

# Boring house rules

## Fire

Please don't smoke or use candles on the premises and be aware the fire alarm is sensitive and very loud!

## Front door

When the front outer doors are closed please make sure you lock them again on leaving, using your key and if returning by twisting the latch.

## Food, breakages, spillages

We know after a few drinks down Whitby harbour,  
The walk back seems as far as Scarborough,  
But please try to resist,  
Even though you are 'pissed',  
Pizza's, kebabs, and all that palaver.  
If you bring food back to your room,  
The smell lingers right up until noon,  
Your nice bedding gets wrecked,  
The next day it will be checked,  
And then all breakages, stains and spills,  
Will be put on your bills.  
..... Please folks, no food in your room.

# Highgate House Timings

**Highgate House** is often referred to as a hotel and though we take this as compliment we are a husband and wife team B&B. We try our best to make your stay a relaxing and comfortable one and so we have some timings that help everything go smoothly for you.

**Breakfast is at 9am**, the best meal of the day. Saturday and Sunday morning we cook a full English breakfast ready for 9am. Weekdays we provide a continental breakfast buffet which is available between 8:30am and 9:30am

**Room refresh is between 10am and 11am** To make your stay nice and comfy we'll pop in when you go out and give your room a quick refresh. Don't worry, if you'd rather give that a miss and just relax that's fine, we won't disturb you.

**GOODBYE**  
Please  
**Stay IN TOUCH**

**Check out is no later than 10am** As we are a small team we do need to have time to prepare rooms for our next guests.
